

TCM Forklift Part

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of each international industry. Transporting industrial goods takes place every day on our hectic world. Primarily innovated as industrial vehicles during the 1930s in the United States, forklifts gained popularity after WWII in the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these equipment spread worldwide.

In 1949, established by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Presently the business is simply known as TCM Corporation. Throughout the years, TCM forklifts have become an international leader in forklift manufacturing and have built a solid reputation with the trade. TCM began building forklift manufacturing sites outside of Japan in the 1980s and is currently engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

With over 50 years of accumulated technology and expertise, TCM has been proudly manufacturing numerous models of industrial trucks, making their models known all around the globe. With a strong and energetic workers, TCM has been able to continually work towards becoming a future leading material handling business.
